APPROACH TO REPORTING

GRI 102-50

The 2019 Sustainability Report (“the Report”) covers the key results of EVRAZ’s sustainability performance between 1 January 2019 and 31 December 2019 and includes the Group’s plans for 2020 and the medium term.

EVRAZ began preparing annual reports in 2004, and these reports incorporated an extended chapter on Corporate Social Responsibility (CSR). Starting from 2018 EVRAZ took the decision to publish a separate report specifically dedicated to sustainability. The Group’s most recent reports, together with additional information about its sustainability performance, can be accessed on EVRAZ’s official website:

GRI 102-54

This Report, covering the events that took place in 2019, was prepared in accordance with Global Reporting Initiative Sustainability Reporting Standards: Core option (“GRI Standards”). In order to ensure compliance with GRI Standards, the Group’s internal procedures relating to the Report’s preparation were reviewed.

The Report describes EVRAZ’s sustainable development management practices and was prepared in accordance with the interests of the investment community and other stakeholders. The Sustainability Report is published in both the English and Russian languages.
